

THE AIR WAVES BELONG TO THE PEOPLE OF THE  
UNITED STATES OF AMERICA, NOT LARGE  
CORPORATIONS!!!!!!!!!!!!!!!!!!!!

Broadcasters operate with the American people's  
PERMISSION via a license to broadcast, under the  
stewardship of you, the FCC, who are being paid to  
protect the interests of us, the American People.  
Please do your job

When the FCC originally restricted the amount of  
stations a corporation could own, the exact scenario  
they were trying to avoid was the Sinclair Broadcast  
takeover of the airwaves of America.

How can you let this happen? Show some spine and  
some appreciation of the American Way and protect  
us from despotism and the monopolization of our  
broadcast spectrum.

THIS WHY YOU EXIST!!!!

I expect a thoughtful answer, please.

Regards,

Karen Martin
